

Publisher Correction: The marine nitrogen cycle: new developments and global change

David A. Hutchins  and Douglas G. Capone 

Correction to: *Nature Reviews Microbiology* <https://doi.org/10.1038/s41579-022-00687-z>, published online 07 February 2022.

In Figure 4 of the original article, one of the arrows was erroneously labelled Nitrification instead of Low O₂. This has now been corrected in all versions of the Review. The publisher apologizes to the authors and to readers for this error.
