

Share Your Preprint Research with the World!

TechRxiv is a free preprint server for unpublished research in electrical engineering, computer science, and related technology. Powered by IEEE, TechRxiv provides researchers across a broad range of fields the opportunity to share early results of their work ahead of formal peer review and publication.

BENEFITS:

- Rapidly disseminate your research findings
- Gather feedback from fellow researchers
- Find potential collaborators in the scientific community
- Establish the precedence of a discovery
- Document research results in advance of publication
